I was clueless about my preparation before I joined Manya-The Princeton Review. Though my scores were not bad, I was unable to score very high. At Manya, I got to learn the right strategies and methods to approach questions.

from 660 to **770**

After joining Manya-The Princeton Review, I improved from a 640 to 770 on GMAT. The faculty helped me to abandon my previous flawed strategy and adopt a much better one. I can't possibly thank them enough for imparting all the relevant knowledge and supporting me the entire time.
